THE UNIVERSITY OF
CHICAGO

CHARCOAL GRILLING POLICY

Recognized Student Organizations (RSO) & Departments

These policies should serve as a general outline of the policies for groups grilling with charcoal grills on the university quads and courtyards.

GRILL CLEANING

- Groups renting charcoal grills through the Reynolds Club are responsible for cleaning the grill bed before returning it to Reynolds Club Staff. This includes disposing of any charcoal, tin foil, and remaining debris.
- Charcoal should be dumped into the metal can provided by Reynolds Club staff. Any additional trash should be disposed of in a different trash receptacle.
- Once charcoal has been placed in the charcoal tin, the tin should be returned to the dumpster area near the University entrance to the Reynolds Club. Charcoal should NOT be placed in the dumpsters.

GENERAL GRILL SAFETY

- Trash should never be disposed of in the charcoal-designated can.
- Do not pour water onto the coals, as it could create dangerously hot steam.

CONTACT

- If your RSO or Department has any questions about grilling or grill safety, contact the Center for Leadership and Involvement Community Development and Operations team at 773-251-1329.

CDO staff member: ____________________ Date: ________________

I, the undersigned, on behalf of my RSO or Department, have read this policy and understand the important of grill safety. I also understand that any damage to property as a result of failing to follow any of the policies outlined here could result in additional charges paid by my group.
